Disclaimer

This presentation has been prepared by 360X AG (“360X”) and is based on information provided by the Issuer. 360X is a BaFin regulated investment firm having its registered office in Frankfurt am Main and holding a license for contract brokerage (Anlagevermittler), dealing on own account (*Eigengeschäft*), placement business (*Platzierungsgeschäft*) and the operation of a multilateral trading facility (*Betrieb eines multilateralen Handelssystems*) pursuant to Sec. 2(2) No. 3, No. 6 and No. 8 and Sec.15(3) Investment Firm Act (Wertpapierinstitutsgesetz).

This presentation is shall solely state a high level overview of the 360X offerings. More details can be found in the 360X Rulebook.

Each person receiving the presentation is a “Recipient”. This presentation about the investment is only for professional clients according to Annex II of the Directive 2014/65/EU (MiFID II). The presentation is not intended for private clients. By accepting delivery of the presentation, each Recipient agrees to keep the presentation confidential and not to disclose its existence, its purpose or its content to any third party, or to photocopy, otherwise reproduce, publish or distribute it, in whole or in part.

The distribution of this presentation may be restricted in certain jurisdictions by law or regulation and, by accepting delivery of this presentation, any Recipient represents that it is able to receive this presentation without contravention of any legal or regulatory restrictions in the jurisdiction in which it resides or conducts business. Recipients are required by 360X to inform themselves of and comply with all such restrictions including any restriction relating to insider dealing which may apply in the relevant jurisdiction. 360X does not accept any liability to any person in relation to the distribution or possession of the presentation in or from any jurisdiction.

The statements provided in this presentation are subject to known and unknown risks and uncertainties that could cause actual results, performance or events to differ materially from those expressed or implied and that are beyond 360X's ability to control or estimate precisely. In addition to statements which are forward-looking by reason of context, the words "may, will, should, expects, plans, intends, anticipates, believes, estimates, predicts, potential, or continue' and similar expressions identify forward-looking statements. Actual results, performance or events may differ materially from those statements due to, without limitation, (i) general economic conditions, (ii) future performance of financial markets, (iii) interest rate levels (iv) currency exchange rates (v) the behaviour of other market participants (vi) general competitive factors (vii) changes in laws and regulations (viii) changes in the policies of central banks, governmental regulators and/or (foreign) governments (ix) the ability to successfully integrate acquired and merged businesses and achieve anticipated synergies (x) reorganization measures, in each case on a local, national, regional and/or global basis. 360X does not assume any obligation and does not intend to update any forward-looking statements to reflect events or circumstances after the date of these materials.

The third-party information contained in the presentation has been prepared on the basis of information in the public domain or provided by third parties or relevant entities and has not been independently verified by 360X. The estimates and forecasts contained in the presentation are subject to significant uncertainties and may subsequently prove to be inaccurate. In particular, the figures presented have not been individually verified and 360X makes no representations, warranties or guarantees with respect to them. 360X and its respective directors, officers, employees, advisers or agents do not make any representation, or offer any warranty or guarantee, as to the completeness and accuracy of the information and opinions or forecasts contained within this presentation or any other written, electronic or oral information, opinions and forecast made available to any interested party or its advisers at any time in connection with the Investments, and does not accept any responsibility or liability with respect to any such information, opinions or forecasts, or any reliance that any party may seek to place upon such information, opinions or forecasts.

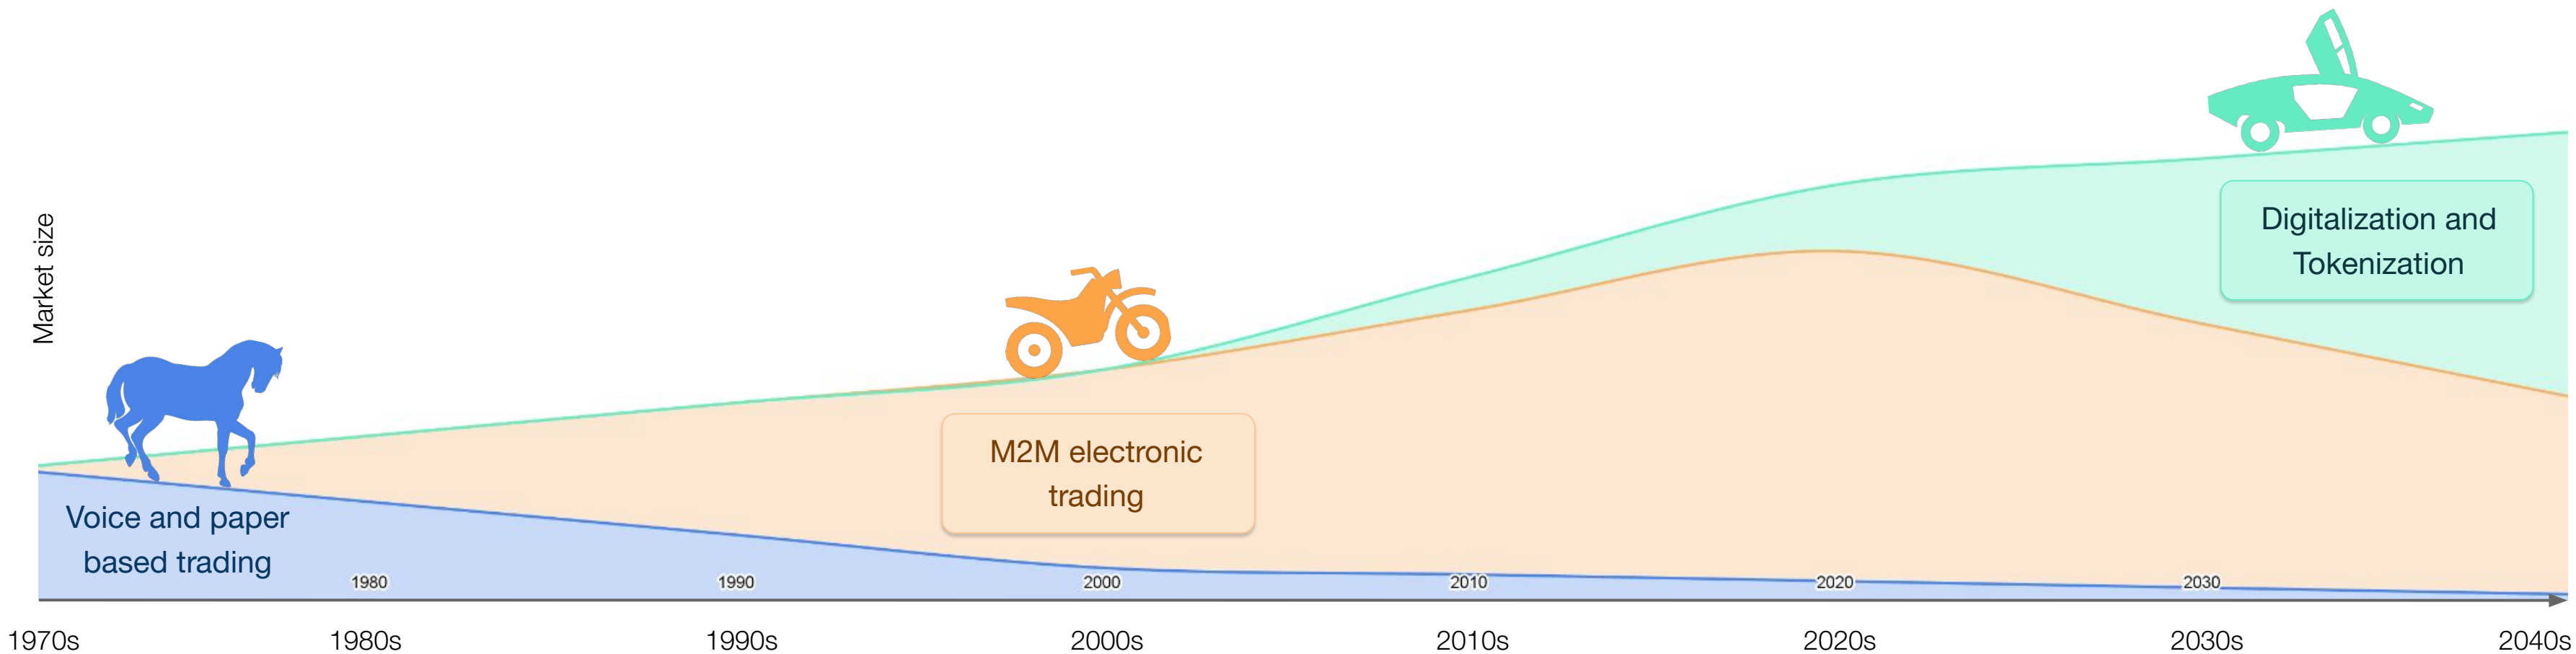

Under no circumstances may such information, opinions or forecasts be taken as a promise or undertaking on the past, present or future performance of Investments nor shall they be construed as financial, legal or other advice. No responsibility or liability is accepted for any errors, omissions or misstatements, negligent or otherwise, in any information, opinions or forecasts (whether contained in this presentation or otherwise). The information in this presentation does not purport to be comprehensive. It is the responsibility of the Recipient, together with its advisers where appropriate, to carry out its own research, analysis and investigation, and to form its own opinion in relation to the Investments. In furnishing the information contained herein, 360X does not undertake any obligation to provide the Recipient with access to any additional information or to update, correct or otherwise amend the information contained herein, even if such information changes.

No investment advice: This presentation is for information only and shall not constitute investment advice. It is not intended for solicitation purposes but only for use as general information. All descriptions, examples and calculations contained in this presentation are for illustrative purposes only.

Evolution of *Digital Securities* and our conviction

Wall Street has undergone a 50-year-long software upgrade, from the introduction of electronic trading in the 1970s to the digitization of payments today. The steady, inevitable march of software eating finance has taught us one thing: All financial assets eventually migrate to wherever they can flow most freely, trade most efficiently, and command the highest value.
